FACING SOUTH FOR NORTHBOUND TRAFFIC HEADING FROM THE AIRPORT  
GOING NORTH TOWARD ATLANTA

GPS: 33.722257 -84.396332

The I-75/85 Downtown Connector has one of the highest traffic counts in the country. This new LED digital display reaches motorists as they drive from Atlanta Hartsfield International Airport heading north toward downtown Atlanta, Turner Field, Centennial Olympic Park, CNN Center, GA Aquarium, Buckhead, and other venues. With a head-on approach, this unit has a one mile read time and provides advertisers with a longer than average interaction time with their target audience.
